Sea Glass Beauty

Dressing your everyday pumpkin with sea glass is easy! Begin by wrapping twine around the stem, then glue gems in your favorite colors of sea glass, either found or bought, onto a pumpkin painted in a shade inspired by the beach. Top it with a cute twine bow for a showstopping finish.

Star Attraction

Getting into the holiday spirit is simple with this seaside-themed pumpkin. Paint your pumpkin in a bright coastal shade for a fun pop of color. Secure twine around its stem, then decorate its surface with aquatic treasures and sand purchased at a craft store for a piece that instantly enhances your seasonal décor!
