DESIGN & STYLE

Whether you are giving a special Valentine gift to a family member, friend or co-worker, sometimes the way you wrap your gift is just as important as what's inside. To add a little flair to your Valentine gift package this year, try these simple yet beautiful ideas to give it a quick festive touch!

The Key to My Heart

Styled with the hues reminiscent of our beautiful gulf, this design is simple to recreate. Select smooth to the touch, blue wrapping paper. Then, wrap a satin ribbon around the box securing a decorative key into place. The design is so pretty, you may want it to grace your coffee table for a while before you give it to that special person.

Captured Heart

A crisp white box, delicate pink ribbon and a heart charm is all you need to bring intrigue to this special box design. It will make the recipient wonder, "what could possibly be inside?"

Ribbons & Roses

Tied with white and red ribbons, a stunning red box is topped with three fresh roses, complementing your gift with a fragrant, romantic bouquet.

Heart of Gold

A simple white heart-shaped box is dressed up with glistening gold ribbons and delicately polka-dotted white tulle. A pearl-studded flower adds a touch of elegance to this enchanting gift.

Bling it On!

Buttons, Baubles, & Bowties... Embellish a gift with unique & whimsical items.

Why throw away something that might be used to top a gift? A cool clasp from a vintage bag, an interesting belt buckle, buttons, bowties, or playing cards; if you can adhere it to the gift, anything goes... Be creative and think outside the box. Literally!

The possibilities are as endless as your imagination.
