

For the Love of Beach...

BY CHRIS FRANCIN

Beautiful moments just happen when you are strolling on one of our picturesque beaches. You might uncover a few interesting shells, glean some sea glass to add to your collection, or even wander far enough to notice that your footprints are the only ones in view. Or maybe on a different path, you'll spot a lone beach swing that someone cleverly hung from a tree with hopes it will still be there when they visit again.

Full of natural splendor, the beauty of our sandy shores is undeniable. You will notice the sound of the waves, the birds above, and the music of palms swinging in the breeze, it's all around you. Summer can't wait; take the time to do the things you love. Enjoy our beaches because that is where treasured memories are realized.

Views of Some of the Beaches in Our Area...

VIEW FROM SOUTH JETTY
OF VENICE BEACH

Shop and dine on Venice Avenue and then follow the avenue to the beach! Lots of amenities including food concession, boardwalks, and picnic areas.
